Funding Source:

- ☐ General Fund
- ☐ Grant (duration of funds: _____ Months)
- ☒ Other Source: FY 2002 CERTIFICATES OF OBLIGATION, FY 2003 CITY CAPITAL EQUIPMENT

Legal:

- ☒ Legal Review Required Attorney Assigned (please scroll down): None ☐ Approved ☐ Denied

Timeline Priority: ☒ High ☐ Medium ☐ Low # of days: _____

Why is this item necessary:

The Rescue/Pumper unit will replace the current aging unit that is about 20 years old. The new rescue unit will be utilized by a special rescue team created by the Fire Department. By combining the functions of a rescue unit and a pumper, this unit will have dual capabilities with will reduce expense and response time for rescue situations.

Explain Costs, including ongoing maintenance and operating expenditures, or Cost Savings:

The City will save about \$350,000.00, the cost of purchasing a new pumper.

Statutory or Citizen Concerns:

None

Departmental Concerns:

None

CITY CLERK DEPARTMENT
2004 JUN 24 PM 2 04

Please place the following item on the **REGULAR** agenda for the Council Meeting of **JUNE 29, 2004.**

Item should read as follows:

Request approval for the Director of Purchasing to reject the bids submitted for Bid No. 2004-114, Six Man Heavy Rescue Vehicle for the Fire Department. The Purchasing Department and the Fire Department recommend re-bidding with revised specifications to add NFPA/ISO functions to the Rescue Unit. The intent is to add pumper capabilities to the rescue unit in a revised bid format. This item will be re-bid at the request of the Fire Department.

Contact person: Alfonso Guerrero Jr., Procurement Analyst at 541-4654.

CITY CLERK'S USE: ITEM NO. _____

**FIRE DEPARTMENT
MEMORANDUM**

TO: Byron Johnson, Director of Purchasing / *Monica Vera Purchasing*
FROM: Michael Calderazzo, Fire Maintenance Superintendent / *MC*
THROUGH: Roberto Rivera, Fire Chief *RR*
SUBJECT: 6 Man Heavy Rescue, Bid # 2004-114
DATE: June 15, 2004

We recommend rejection of the bids for the 6 Man Heavy Rescue. After considering the proposed use of the Rescue vehicle, we've decided to revise the specifications and add the NFPA/ISO functions of a pumper company. Our intention is to create a heavy-duty rescue with pumper capabilities instead of a strictly rescue vehicle. The concept is a fairly new one in the fire service and was overlooked when we put these bid specs together originally.

This new concept will have two benefits for us. For one, it will save the city the expense of purchasing a separate pumper. In addition, it will eliminate the need to return to a station to retrieve the rescue truck. This will reduce response time for rescue situations.

Accepting the challenge to excel!
